Featuring the Disco Biscuits, an entirely different band today than they were when they first broke out of Philadelphia in the mid-90s. That’s not to say that they’ve abandoned their foundations, switched gears entirely, or set sail for distant shores. The Disco Biscuits are still very much the trailblazers of “trance-fusion” that they’ve always been, bridging the gap between electronic music and jam bands. They remain rock pioneers whose soul belongs as much to marathon dance parties as it does to live improvisational journeys. They still employ emerging technologies to help them create music that is 100 percent human, although perhaps not entirely of this earth.
Transportation: Use Lyft, enter ‘the Mission Ballroom’ and request your ride on your app. If a new Lyft rider, use code MISSIONBALLROOM for $5.00 off on your first 2 rides. Or use the RTD Light Rail System on the A Line, exit on the station for 38th & Blake, then walk a couple of blocks.
